

MEET THE BARNACLE

Revolutionizing Parking Enforcement

Current parking enforcement methods are cumbersome, archaic and inefficient—welcome the Barnacle, a modern approach to an age-old problem. It's a lightweight device that's more user-friendly from end to end, cutting down the time it takes for traffic enforcers to deploy it and for motorists to resolve their fines and be on their way.

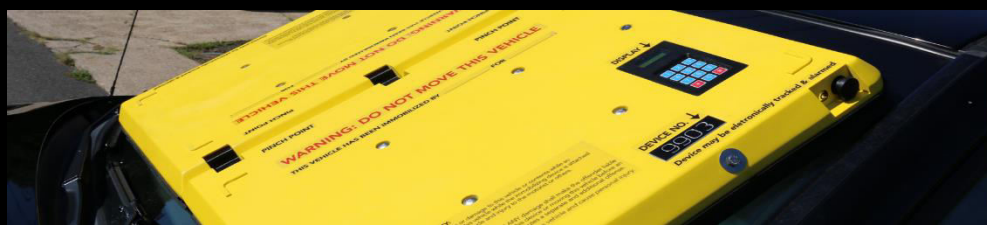

WHY DO PEOPLE GET BARNACLED?

The Barnacle
is **NOT** a
parking ticket

Cars can be flagged for enforcement for many reasons, such as unpaid parking violations or other **unpaid infractions, unpaid taxes, expired registration, illegal parking**, among other reasons depending on the city or operator.

I'M AN ENFORCEMENT AGENT & NEED TO DEPLOY THE BARNACLE

Place the
Barnacle
on **car**
windshield
and **unfold**

Unlock the
pump, pump it
4-6 times &
lock pump
handle

Check that
the Barnacle
is **attached**
securely

Arm the
alarm and
tracking via
keypad

Officially distributed in the Philippines by: Tritec Integrated Philippines Inc.
Tel Nos.: 632-850-3860; 632-807-3819/Email us at: thebarnacle@tritecph.com
www.tritecph.com

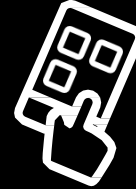

I'M A MOTORIST & HAVE BEEN BARNACLED

Call the number on the Barnacle & follow prompts

Resolve outstanding fines over the phone

Enter **4-digit release code** into keypad

Remove the Barnacle + drop it off within 24 hrs (local spot)

** You can also call an agent to release the device for you*

BARNACLE FACTS weights less than 20lbs / fits more windshields / GPS-enabled (additional fees apply)
can be deployed & removed with a physical key or coded release / all units equipped with motorist release feature (fee may apply)
